

A certificate of originality

Amperometric glucose biosensor based on homopolymer-chitosan double layered glucose oxidase electrode modified with zinc oxide nanoparticles

As the authors of article given above, we declare that,

- the work reported in the paper submitted for publication is original and has not been submitted for publication elsewhere,
- proper citations to the previously reported works have been given, and,
- in case data/tables/figures are quoted verbatim from some other publication, the required permission to do so has been obtained.
